

## PE and Sport Premium Impact Statement

2016-2017

For the year 2016/17, Phoenix St Peter Academy received £8,835 for the PE and Sport Premium for primary schools. Below is a breakdown on how the money was spent and what the impact of this expenditure has been on pupils at our school for the academic year 2016-2017.

### Breakdown of how the money was spent

<b>Activity/Resource the money was spent on</b>	<b>Cost</b>
Teacher training on how to deliver Yoga and mindfulness effectively – ensured pupils had 2 hours of quality PE per week	£985
Boxing coach mentored children in after school activities; supporting children with fitness and stress relief	£375
Staff cover for teachers attending competitions and fixtures	£1700
Gymnastics after school club run by Waveney Gymnastics Club; offered an extra-curricular opportunity for Ks1 students and prepared them for competitions.	£185
A coach provided by Lowestoft Town FC gave the opportunity for girls to be involved with football; prepared them for the East Anglia competitions	£100
DPA Dance provided students with an extra-curricular club and prepared students for the Reach2 Dance festival	£287
Transport for pupils to travel to competitions and fixtures	£2000
An iPad for PE lessons; focused on children using videos to analyse their skills and give each other feedback in sessions	£500
Purchased trophies to act as an extra incentive to be aspirational in PE lessons and competitions/fixtures	£350
New sports equipment including dodgeballs, adjustable hurdles, pop up football nets, Tri golf equipment and Tennis net. This has provided more quality afterschool clubs and engaged students more during lunch time	£600
Competition fees; 38 competitions attended this year with over 90% of pupils in KS2 representing the school in a sporting event.	£310
School sport kits for children to wear when representing the school in sporting competitions and fixtures.	£500
Teacher CPD in dance including gymnastics and in athletics in the early years	£945

**Total spent: £8,837**

## **What has been the impact of the PE and Sport Premium at Phoenix St Peter Academy?**

The effect the PE premium has on Pupils during PE is profound and extremely valuable to the progression and standard of not only our P.E Lessons but our school too. This vital funding allows us to use top of the range equipment and resources such as targeted coaching, meaning pupils are able to perform high level of skills and can challenge themselves during lesson.

An example of this would be during a year 6 PE lesson where our children were able to adjust the hurdles to different height levels. This meant children were challenged to the best of their ability and improved their skill much quicker and at their own pace. By having coaches from local community based clubs come in and teach targeted coaching, this has improved our schools links to the community and encouraged children to join the clubs outside of school.

During lunch times, the equipment has had a very positive impact on our pupil's health, fitness and teamwork. The goals brought have been used for children to participate in football and handball activities and the basketballs have been used for basketball sessions when the field is out of bounds, so every lunchtime physical activities are available and taken advantage of.

The new equipment bought has improved the quality and variety of afterschool club's given to children. A wider range of sports can be delivered including handball, tri golf, athletics, tennis, dodgeball and football. This has had an impact on children's knowledge of sports sand enjoyment and also their performances at competitions.

The PE premium has had a big impact on children participating in sports competition, 97 out of 101 students from ks2 have represented the school in a sporting event this year. Without this funding, this would not have been possible.

We have entered 38 competition this year and due to the high quality teaching, clubs and equipment available for our pupils to access we have had, five 1<sup>st</sup> places, eight 2<sup>nd</sup> places and four 3<sup>rd</sup> place finishes.

One of the comments from a year 6 student after winning the football competition was "this is the first sports medal I have ever won." This student, due to the success at this competition, went on to attend many more sports clubs. For some pupils, their attitude towards sport has improved drastically as a result of this funding and has in turn crossed over into other lessons.

Due to being able to offer such a great variety of after school clubs, 103 students have attended a sports club this year which is 70 percent of our pupils. This is largely down to the resources provided from the P.E Premium.

Due to our high participation in sports competitions and attendance in sports clubs this year I am delighted to announce we have achieved the gold mark in the Sainsbury schools games. This is an improvement from the silver achieved in 2015-2016.

To continue the great improvements we have made, our focus in 2016-2017 is to develop the community links gained through coaching and competitions. Also, a focus will be on ensuring that all teachers receive training to support them to deliver high quality PE lessons with their classes.
